TO: PROSPECTIVE BIDDERS

Hall Building Corp. requests your quotation for this project being bid:

PROJECT

**Union County College – Lessner Bldg. Addition & Rehabilitation
 Elizabeth, NJ**

Quote Due by

Tuesday, April 19th at NOON

This project involves the rehabilitation of the first floor and lower level including additions to the first floor front and back. Work includes the removal of all partitions on the first floor and some steel structure. There is extensive piping and sprinkler relocation and most of the existing ductwork will be removed and reinstalled. Also included will be selective demolition, concrete, structural steel & decking, cold formed metal framing, metal stairs & railings, decorative metal railings, rough carpentry, fluid-applied waterproofing & air barriers, insulation, metal composite wall panels, SBS modified bituminous membrane roofing, applied fireproofing, joint sealants, hollow metal doors & frames, wood doors, aluminum framed entrances & curtainwalls, glazing, natural clay plastering, gypsum board, tiling, epoxy terrazzo flooring, acoustical panel ceilings, screen baffle ceiling system, resilient flooring, painting, visual display surfaces, toilet partitions & accessories, signage, fire extinguishers & cabinets, metal lockers, general casework, solid surface countertops, plastic laminate clad countertops, roller window shades, entry floor mats, water-based fire protection systems, plumbing, HVAC, electric, communications, electronic safety & security.

This is a prevailing wage project.
