

Question / Answer

<u>Question Posted</u>	<u>Answer Posted</u>	
11-14-2012 03:36 PM EST	11-16-2012 09:03 AM EST	Q: Is prequalification from the NJTA required on this project, or is prequalification by the NJ DPMC as stated in the Advertisement for Proposals accepted in lieu of the Authority prequalification? A: As is stated in the advertisement, the bidder is to be pre-qualified by NJDPMC
11-14-2012 05:02 PM EST	11-16-2012 09:04 AM EST	Q: Please concur the civil contractor does not have to be NJDOT certified since the work is not in the right of way of the Parkway or Turnpike, Thank you. A: The general contractor is to be pre-qualified by NJDPMC. Sub-contractor selections shall be reviewed and approved after award of the contract.
11-15-2012 11:12 AM EST	11-19-2012 08:55 AM EST	Q: Please advise on the scope of work for bid item 84 & 85 "Building Structural Work". Will this item only include footings & foundation, structural steel, load supported CMU walls, etc - or should we include all of division 3, 4 & 5 related to the building work in these items? A: See table in Supplemental Specs Vol 1 Section 536.04 for breakdown of work that applies to each building item.
11-16-2012 03:24 PM EST	11-20-2012 09:35 AM EST	Q: Specification Section 531 - Sanitary Sewer subparagraph 531.02 and 531.03.L all reference specification 221429 in volume 3. Please note that this specification does not exist and if it did would it be applicable to the Moorestown Station only and not the Galloway Station and why would it be located in the building plumbing section and not the civil specification? Please advise who on the specification section. Thank you. A: The referenced specification will be provided in an upcoming addendum.
11-19-2012 01:00 PM EST	11-20-2012 11:11 AM EST	Q: Due to the holiday and recent storms which have severely impacted many of our subcontractors and suppliers, we respectfully request a two week extension to the bid date. This request of a bid extension will give them the necessary additional time to properly prepare their bids, which in turn will benefit the NJ Turnpike Authority. A: We understand these concerns, but the bid response date will remain the same.
